INTRODUCTION

For three generations we have been inventing and mfg hundreds of products, programs and services for our own account.

We now offer consulting services, licensing and conditional sale agreements to others of those products, programs and services as well as products, concepts yet to be created we seek long term relationships with interested partners

The following pages provide an overview of our interests for the past 60 years from invention to use.

60 years ago, Main Street America was being rediscovered and renewed my first "value-added bench" was created to contribute to that main street restoration that great american bench is now in constant use in some of the most important places in america direct sales to date are \$25,000.000.00 indirect sales through our sponsorship programs have produced many millions more.

We assembled a group of bright, skilled professionals. It was exciting to be part of a team that took ideas and created hundreds of "value-added" products and related programs. These ideas, products and programs are highlighted in five major groups in the following pages.

We came to realize the competitive advantage of offering "turnkey" services. Our "Turnkey Services" involved every aspect of our business ideas.

- * Engineering
- * Model Prototypes
- * Working Prototypes
- * Shop Drawings
- * Diversified Mfg

Both Inhouse And Outsourced

- * Marketing

Our Capabilities Consisted Of

- + Research And Design Group
- + Landscape Architecture Co
- + Pattern Making And Fiberglass Molding Shop
- + Metal Fabrication Shop
- + Outsourced Cast Iron And Aluminum Foundries

Services

- * Distribution
- * Financing
- * Insurance /Product Liability
- * Direct Sales
- * Private And Public Bidding
- * Packaging And Shipping
- * Assembly And Installation Drawings
- * Complete Construction Services
- * Maintenance Schedules
- * After Sale Follow Up

- +Two Inhouse Cement Mfg Plants
- + Woodworking/Big Timber Plant
- + Delivery/Assembly/Installation Services
- * Construction Co

The above made possible our ability to produce a large variety of products and programs quickly. After twenty years of domestic mfg we had created a great number of individual parts/components that we found could be manufactured offshore with the same quality and at much lower cost. After another twenty years we ceased all in-house mfg.

Today, we have resources to develop and market our concepts on the web with website development, eCommerce, marketing, and consulting services provided through Greg Hill at Excellira
<https://www.excellira.com>.

Sources Of Our Worldwide Supply

Taiwan	Iron and aluminum products
China	Sames as above
India	Sames as above
Brazil	Historic street light poles and plantation grown hardwoods
Mexico	Aluminum products
Canada	Alum and iron site furniture
Italy	Water fountains, and sculpture
Portugal	Cork for safety play surfaces
Russia	The project was to create "a peace dividend" ending the 70-year cold war. We were to take 20,000 soviet tank cannons and convert all to street light poles and fixtures, easing them out of European countries, colleges, universities, corporations and miscellaneous organizations.

Please. sign and return the enclosed non disclosure agreement thank you for your interest.

Non Disclosure Agreement

In consideration of a business relationship by and with _____ and

_____, this agreement is made between _____

(hereinafter "the Firm") and _____ of _____ (the "Interested Party").

WHEREAS, the Interested Party is desirous of participating, sharing or benefiting from a joint venture/opportunity with The Firm.

WHEREAS, The Firm, is desirous of protecting its trade secrets, ideas and any and all proprietary concepts from intentional and unintentional disclosure.

Now therefore, the Interested party acknowledges that in order for the Firm to engage in meaningful negotiations, that the Firm must entrust the Interested Party with certain confidential and proprietary ideas and information. The Interested party further understands that the preservation of such confidential information is critical to the success of the Firm, and that unauthorized disclosure of use of Confidential Information would cause the Firm irreparable harm in addition to financial loss.

WHEREFORE, The Interested Party acknowledges that all information, including but not limited to ideas, concepts, designs models, locations, disclosed during throughout and all any negotiation, planning, and/or discussion, both formal and informal, with the Firm and/or its agents or representatives, is confidential and proprietary and not subject to disclosure of any type, to anyone, at anytime without the written authorization by the Firm or its duly authorized agent or representative.

The Interested Party further agrees that upon the termination of any negotiations, discussions, and meeting, both formal and informal that it shall promptly deliver to the Firm all confidential information whether or not such was produced by the Interested party's own efforts, and to refrain from making, retaining, or distributing copies thereof.

The Interested Party acknowledges that a breach of this Agreement by the Interested Party will cause irreparable injury to the Firm and that the Firm's remedies by the Interested party will be inadequate in case of said breach and that the Firm will be entitled to preliminary injunction relief and other injunctive relief in case of any such breach.

This Agreement is intended to survive the termination and conclusion of any discussions between the Interested Party and the Firm, and is intended on preventing disclosure of all protected information, ideas, concepts, etc. of the Firm now and in the future and shall be binding upon The Interested Party and his or her heirs executors of assignees.

This agreement is assignable by the Firm and insures to the benefit of the Firm its successors and assignees.

This agreement shall be governed by the laws of Massachusetts excluding such lawsuit, that by law, pertains to conflicts of law.

This agreement constitutes the entire understanding of the parties, with respect to its subject matter supersedes all prior communications and understandings with respect thereof and modification of waiver of any provision hereof shall be valid unless made in writing and signed by the parties.

The Interested Party states that she/he has had a reasonable period sufficient to study, understand, and consider this agreement, that he or she has had an opportunity to consult with counsel of his or her choice, that she/he has read this agreement and understands all of its terms he or she is entering into it voluntarily and signing this agreement knowingly, voluntarily and that in doing so that he or she is not relying on any statements or representations made by the firm or its agents.

IN WITNESS WHEREOF, the parties have duly executed this Agreement under seal on this day of _____.

THE
COMMEMORATIVE BENCH

BENCH
MANUFACTURING COMPANY

BENCHES

A wide variety of designs are available in wood, iron and aluminum. A separate brochure showing stock products is available upon request. Custom fabrication to your specifications can be achieved at affordable prices also. There is a return reply envelope attached to this brochure. Please check off the bench use you anticipate or fill in the your special use if we have missed it.

CLOCKS

For a number of years we provided only two and four faced stock clocks and few were sold because they were comparatively expensive. Due to our expanded engineering we are able to offer a variety of clocks and prices begin at \$7,500.00.

TRASH RECEPTACLES

Stock and custom fabrication in aluminum, wood, iron and steel is available.

PLANTERS

We have enlarged our planter line because we are now offering a transit planter package, including bus/train shelters, planters, trash receptacles, benches and signs.

SIGNS

In the past we have designed and manufactured only a limited number of innovative signs. This year, we have created a new graphics department with special machinery that is totally computerized. Custom signs manufactured to your specifications is encouraged.

BULL CARTS

Our new modular bull cart is more than just a push cart. It is a comprehensive business environment. Modular in that it can be adapted to a wide variety of merchandise but is also a working office including telephone, computer and cleverly designed spaces for both storage, security and use. Under our lease/purchase plan, you may take up to 10 years to pay for our sophisticated peddlers cart.

TABLES AND CHAIRS

Stock tables and chairs in various designs are available for food courts, cafes, etc. Separate literature is available to you.

PICNIC TABLES

High quality, time tested picnic tables of aluminum and wood with appropriate benches are available. Please request separate literature.

GAZEBOS

As part of our woodworking process, we still offer our modular gazebo at very attractive prices. Please request separate literature.

STREET LIGHT POLES

We offer aluminum and iron light poles. Custom work is available in this category, but volume is generally required to offset the expensive initial molding process.

BUS/TRAIN SHELTERS

Stock and custom transit shelters are available. Please request separate literature.

FINANCE PROGRAMS

Conditional sales as well as lease/purchase programs are available for all of our products. Fixed interest rates and long terms are available depending on the size of the order. For details, please inquire at 1-800-366-3080.
